

SUBMISSION DATE

L2 Biology Internal Assessment
Achievement Assessment Standard 91190 v2
Investigate how organisms survive in an extreme environment

**Resource Title: Life in an Extreme Environment
(e.g. Polar region or the Deep Ocean) 4 Credits**

Dear Students,

After a lot of consideration, the **AS 91190 v2** submission date has been set. It will be:

————— **October**

Please send your report as a PDF copy to maxineu@ch.steiner.school.nz on or before the due date.

TIPS

- Read and edit your report before submission
- Use your marking matrix to check whether you have included everything.
- Look at the exemplars on <https://www.nzqa.govt.nz/ncea/subjects/biology/levels/>
- Ensure you have integrated your research findings from a wide range of sources.
- **Go to – maxineu.com for resources - planning docs videos, notes and PPT.**

To ensure Authenticity you will be sent an Authenticity form . You may also be given a small quiz on your topic or asked to discuss your research findings with your teacher.

Maxine
