

SUBMISSION DATE

Carry out a practical investigation in a biological context with guidance

AS 91601 v2: Carry out a practical investigation in a biological context with guidance.

L3 Biology Internal Assessment 4 Credits

Dear Students,

After a lot of consideration, the **AS 91601 v2** submission date has been set. It will be:

Tuesday 28th April

Please send your report as a PDF copy to maxineu@ch.steiner.school.nz on or before the due date.

TIPS

- Read and edit your report before submission
- Use your marking matrix to check whether you have included everything.
- Look at the exemplars on <https://www.nzqa.govt.nz/ncea/subjects/biology/levels/>
- Ensure you have explained or discussed your findings with those from at least two other sources
- Read through and complete exercises posted in Teams-Files. These will be updated regularly over the next two weeks.

To ensure Authenticity you will be sent an Authenticity form, to be signed by yourself and parent/caregiver.

You may also be given a small quiz on your topic or asked to discuss your research findings with your teacher. This is a new suggestion from NZQA to ensure validity of work completed online.

Thanks, and have a good break!

Maxine

PS Don't hesitate to contact me through Teams or my school email address
